I'm very confident in my ability to succeed as a construction project manager because I have a firm foundation in construction management theory and practical experience. My education at George Brown College has provided me with a solid comprehension of the industry and the skills necessary to succeed in it, required for planning and executing construction initiatives effectively. I am eager to employ my skills and knowledge to real-world problems and make a significant contribution to the construction sector.

Work Experience

Assistant Supervisor

Paradise Developments - Toronto, ON

July 2023 to Present

Assisting site superintendent by

- Checking trades work making sure on schedule and fully complete
- Walking each unit and addressing issues to handyman when found
- Checking purchaser extras prior to drywall
- Scheduling out trades from Taper stage to PDI inspection
- Filing and organizing office when needed

Assistant Construction Project Manager

Coral Creek Homes

July 2018 to August 2022

- o Managed construction projects from pre-construction to completion.
- o Implemented safety protocols to ensure compliance with regulations.
- o Supervised the work of contractors and subcontractors on the construction site, ensuring that the work is completed safely, on time, and according to the required quality standards.
- o Attended monthly meetings regarding future land developments.

II. Produce department

Pusateri Fine Food

July 2016 to July 2018

- o Quality control I would inspect all incoming produce to ensure that it is fresh, of high quality, and free from spoilage. Also regularly check the department's inventory to identify any products that are close to their expiration dates and need to be sold or removed.
- o Customer service I was knowledgeable about the different types of fruits and vegetables that are available, and was able to answer customer questions.
- o Stocking I would receive and unpack shipments of fresh fruits and vegetables,

and ensuring that they are properly stored and displayed on the department shelves.
