Vitaliy Kosykh

Site Superintendent at Kenaidan Contracting
Canada

Experience

Kenaidan Contracting Ltd.

Site Supervisor

May 2024 - Present (6 months)

Toronto, Ontario, Canada

As a Site Supervisor I have overseen the construction process and been responsible for overall planning and scheduling, organizing, directing and controlling construction activities on the site Metrolinx Lower Don EW3.

Constructing SOE for about one kilometer long tunnel and portal and a new bridge over the Don River in coordination with Metrolinx, Bantrel, Parsons, ONXpress, GIP, Dagmar, Somerville, PNR, Cherubini, EXP, HDR.

The chosen bridge foundation design uses 2.4 metre diameter drilled shafts with rock sockets. On the west end of the site the depth to bedrock is about 40 metres, while on the east end depth to bedrock is about 20 metres.

Demonstrated knowledge of the Metrolinx Engineering Standards, organized safe work along the Union Station Rail Corridor, PTS trained.

KAPP Infrastructure Inc.

Assistant Civil Superintendent

September 2023 - May 2024 (9 months)

Toronto, Ontario, Canada

Supervised Waterworks and Construction Infrastructural Projects.

- Peel Watermain construction, Mississauga, ON. Managed \$30 million contract.
