PROFILE

Motivated and detail-oriented third-year architecture student with a strong foundation in design principles, architectural drafting, and 3D modeling. Proficient in industry-standard software such as Rhino and AutoCAD, with hands-on experience in creating conceptual designs and technical drawings. Eager to apply academic knowledge to real-world projects, collaborate with professional teams, and gain valuable experience in an office setting. Known for creativity, problem-solving skills, and the ability to work effectively in fast-paced environments. Seeking a summer position to contribute to innovative projects while further developing my skills in architectural practice.
