INTERIOR DESIGN - PROJECT MANAGER

Interior Designer and Project Manager with over 10 years of experience in creating functional and engaging spaces. Known for managing projects from start to finish, always on time and within budget. Skilled at working with clients and construction teams to bring designs to life and build lasting connections.

WORK EXPERIENCE

Principal Interior Designer | Shauna Marie Interior Design Studio

2013-2025

- Collaborated with architectural firms to create fully customized home designs in affluent neighborhoods, including Bridal Path, Bayview Glen Estates, and new developments in Halton Hills.
- Oversaw all stages of interior design projects, from conceptual development to final installation, ensuring alignment with the client's vision and expectations.
- Crafted detailed design plans encompassing material selections, color palettes, and space planning, while maximizing both functionality and aesthetic appeal.
- Produced high-quality renderings and executed precise AutoCAD drawings to effectively convey design intentions.
- Managed project timelines, budgets, and resources, ensuring smooth coordination among clients, vendors, and construction teams.
- Offered expert advice to clients, addressing their needs and preferences while incorporating feedback throughout the design process.
- Conducted onsite inspections and quality checks to maintain design integrity and ensure compliance with safety standards during implementation.

Interior Design Consultant | Sorbara Group of Companies

2021-2023

- Collaborated with design and construction teams on the development of 4 low-rise community designs situated in Aurora, Fergus, Kleinburg, and Mississauga.
- Created electrical floor plans, design concepts, and color schemes.
- Engaged clients through regular meetings, offering insights and recommendations on finishes, colors, and products tailored to individual preferences.
- Assisted customer care by performing detailed onsite inspections, ensuring timely completion and satisfaction with custom design modifications.
