PROFILE

Skilled Carpenter with 25+ years of hands on experience in residential construction, including renovations and repairs. Skilled in using hand & power tools to complete construction projects according to plans. Worked with a few builders as a service technician. I am looking for a new challenge. I work well in challenging, fast paced, high-stress and deadline-orientated environments individually or as part of a team, I have experience with many different home-owners which leads to customer satisfaction. I also have a thorough understanding of the Tarion Construction Performance Guidelines.
