- 74. Seven (7) years – major structural defects.
- 75. Two (2) years – plumbing, heating and electrical systems.
- 76. As per Tarion Warranty Corporation program requirements.

All Purchasers’ selections from Builder’s standard samples. A wide variety of upgrades and options are available. Specifications, terms and conditions are subject to change without notice. Builder has the right to substitute materials and finishes of equal or better quality. E. & O.E. June 5, 2020. All sketches are artist’s renderings only and do not form part of this agreement. Any exterior precast to be flat detailed; if otherwise indicated, for artists’ conception only.

All interior colours and materials are to be selected from Builder’s samples within 10 days of acceptance of offer, failing which, the Vendor may exercise all of the Purchaser’s rights to colour selection herein and such selections by the Vendor shall be binding as if the Purchaser would have made such selections. No changes whatsoever will be permitted in colours selected by the Purchaser, with the exception of a shortage or discontinuation of item(s) selected. Specifications can change without notice.

All plans and specifications are subject to modification from time to time, according to Tarion Warranty Program rules and regulations.

Number of steps at front and rear may vary from that shown according to grading conditions and municipal requirements and cannot be guaranteed.

The Purchaser acknowledges that finishing materials contained in any model home may be upgraded for display purposes only and may not be of the same grade or type or may not necessarily be included in the dwelling unit purchased herein.

Variations in uniformity and colour from Vendor’s samples may occur in finished materials, kitchen and vanity cabinets, floor and wall finishes due to normal production processes or discontinued production schedule, such variations are considered to be within acceptable industry standards. The Purchaser acknowledges that the Vendor reserves the right to substitute materials of equal of better quality.

Hardwood flooring may react to normal fluctuating humidity levels producing gapping or cupping, both considered to be within acceptable industry standards.

Actual square feet is measured per Tarion requirements, and may vary slightly depending on elevation selected and construction variances.

Ceilings and walls may be modified to accommodate mechanical systems.

Features shown on the floor plans and drawings as optional are not standard and may be available as upgrades.

Asphalt driveways at Purchaser’s expense (on closing).

The Vendor will not allow the Purchaser to do any work and/or supply any material to finish dwelling before the closing date.

Purchaser is notified that garage entry doors (where applicable) may be lowered or eliminated to accommodate grading if required by the Municipalities or Developers engineering control.

House types, streetscapes and final house sitings are subject to final approval by the applicable municipality and Design Control Architect.
